

change the way we waste

RETHINK ▪ REDUCE ▪ REUSE ▪ RECYCLE

Below is a list of materials we are currently accepting. There are 22 items. **Please read the following instructions.** We thank you for your patience as we are continuously learning how to navigate these systems so we can provide you these services. We have also included additional pictures for examples, clarification and reference. (The pictures on the next page correspond in order of listed items below) **ALL MATERIAL MUST BE CLEAN, DRY AND FREE OF ANY FOOD CONTAMINATION.** Here is the link to make an appointment. <https://calendly.com/gorge-sustainability-project/gorge-sustainability-project>

When arriving for your appointment

1. Please park in the Rebuild it Center parking lot.
2. There will be a volunteer to guide you to your designated spot with your name and time slot.
3. We will then check in to verify items are sorted and answer any questions.
4. Once verified you will drive around to the office building to unload
5. Someone will help you unload and bring materials in put into the proper bins.

I understand this seems like a lot but the only reason I'm allowed to recycle these materials is because I can verify, they are clean and sorted properly. Again, thank you for due diligence.

- Nothing larger than a basketball in its **original** form. Only exceptions are foam and computer towers
- All materials must be clean and presorted into the above categories
- **No unsorted** materials are allowed inside the building
